100% SURFACE
MADE IN ITALY

Pure Ash White

Horizontal Wooden Texture:

The door surface features a refined horizontal wood grain pattern that adds depth, warmth, and visual rhythm, enhancing its modern character while preserving a natural, tactile feel.

Three Aluminum Strip Inlays:

Sleek aluminum lines are seamlessly integrated into the surface, offering a subtle metallic contrast that brings a contemporary and sophisticated touch to the overall design.

Infinite Edge Detail:

Crafted with precision, the infinite edge finish creates a clean, uninterrupted profile with no visible frame lines. This seamless detail reinforces the door's minimalist aesthetic and premium build quality.

ROVERE GRAY

Sophisticated Rovere Gray Finish:

Offers a sleek, neutral tone that adds elegance and blends effortlessly with a variety of interior styles.

Premium Construction:

Crafted with high-quality materials for durability and long-lasting reliability.

Smooth Surface Finish:

Enhances visual appeal and allows for easy maintenance, keeping the door looking fresh with minimal effort.

Universal Appeal:

Suitable for both residential and commercial settings, combining style with practical functionality.

Modern Oak

Vertical Wooden Texture:

The door features a prominent vertical grain pattern that showcases the natural beauty and warmth of premium oak. This texture adds depth and elegance, enhancing the sense of height and sophistication in any room. Its tactile quality enriches the sensory experience, blending visual appeal with subtle touch.

Two Aluminum Strip Lines:

Two slim aluminum strips create a sleek, modern contrast against the wood surface. Available in elegant gold and silver finishes, they offer personalized style options. The gold adds a warm, luxurious accent, while the silver provides a cool, contemporary feel, making the door versatile for various interior designs.

MADE IN ITALY

Precision Engineered Concealed Hinges:

Crafted with meticulous Italian expertise, the concealed hinges in the EON Collection ensure flawless functionality and elegance. Designed to integrate invisibly within the door frame, they maintain a clean, uninterrupted surface, enhancing the door's minimalist beauty.

These hinges deliver smooth, silent operation and outstanding durability, perfectly balancing aesthetic appeal with high performance — a true testament to refined craftsmanship made in Italy.
